**RE: Application Status: Complete
MEC CONSTRUCTION LLC (Fairmont)
Permit Application R13-3348
Plant ID No. 049-00195**

Mr. Morris,

Your application for a construction permit for a pipe preparation facility at the Fairmont location was received by this Division on November 16, 2016, and assigned to the writer for review. Upon review of said application, it has been determined that the application is complete and, therefore, the statutory review period commenced on December 05, 2016.

In the case of this application, the agency believes it will take approximately 90 days to make a final permit determination.

This determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit determination.

Should you have any questions, please contact me at (304) 926-0499 ext.1212 or reply to this email.

Hello Lee,

I wanted to get back with you on the site inspection for the MEC Construction LLC permit application. I am familiar with the former Ruskin facility in Fairmont (the building is right across Pleasant Valley Road from the DEP's Fairmont office). I did some research on the Ruskin activities, and they were involved in grit blasting, welding, solvent cleaning, and painting in the building, similar to what is being proposed by MEC Construction. I feel that this site is acceptable for this use, as it is in a commercial/industrial area, and there are no houses in the immediate vicinity. The building is a 2-story metal building. Please let me know if you have any questions.

Sincerely,

Karl Dettinger

Hi Brian,

MEC CONSTRUCTION LLC (049-00195, R13-3348) has applied for a permit to construct and operate equipment to cut, weld, clean, test and paint pipe. The facility will be located in an existing two-story warehouse type facility (formerly Ruskin Property) in Fairmont, WV.

The directions in the application are as follows: Take I-79 to exit 133 (Kingmont Road). Travel East on Kingmont Road to Pleasant Valley Road (<0.25 miles). Go North on Pleasant Valley Road (<0.5 miles) to 2030 Pleasant Valley Road. Facility will be on the left.

The contacts listed in the application are Mike Morris, Facility Manager (304-288-8183) and Mike Summerville, Painting Supervisor (304-288-8230)

I've attached a copy of my evaluation and DRAFT Permit. Any assistance you can provide is greatly appreciated!

Thanks,

Lee

Mr. Morris,

Your application for a construction permit for the Fairmont location was received by this Division on November 16, 2016, and was assigned to Lee Martin. The following item was not included in the initial application submittal:

Original affidavit for Class I legal advertisement not submitted.

This item is necessary for the assigned permit writer to continue the 30-day completeness review.

Within 30 days, you should receive a letter from Lee stating the status of the permit application and, if complete, given an estimated time frame for the agency's final action on the permit.

Any determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit decision.

Should you have any questions, please contact the assigned engineer, Lee Martin, at 304-926-0499, extension 1212.
